TIDELAND FORMS PARTNERSHIP WITH FLOATEX

Tideland Signal Corporation is pleased to announce it has signed a partnership agreement with Europe's premier buoy manufacturer, Floatex s.r.l. The two companies will share information and promote each other with the aim of creating a dynamic business partnership.

For Tideland, the addition of Floatex's broad and proven range of buoys will support their continuing success in supplying a full range of buoy designs to meet different client requirements.

Floatex will benefit not only from access to Tideland's experience and industry knowledge, but will also see an increase in its sales of speciality products. Floatex has an excellent range of products that complement those of Tideland.

Founded in 1976, Floatex s.r.l. is located in Provaglio d'Iseo, Italy where it has become a leading company in buoyancy and fendering for coastal and offshore marine products.

Rudy Zuurbier, Managing Director of Floatex s.r.l. said "We have worked alongside Tideland for many years, and finally the time was right for us to create this partnership and start working together, for the benefit of both companies and all our clients".

Tideland's President Allen Mitchener said "We see this partnership as being invaluable to our existing and future customers. Tideland's primary aim has always been to provide quality products at a competitive price, and this partnership allows us to broaden our product range and continue to supply reliable, affordable, quality products".

Tideland is sure that its customers and stakeholders will be happy to hear about this new partnership and will continue to provide updates on the positive impact that this development will have on both companies.

Founded in 1954 and based in Houston, Texas, Tideland Signal Corporation is committed to meeting and exceeding the requirements for marine aids to navigation to the maritime industry.
