Dear Customer,

At Xylem, we are committed to working together to solve our customers' wide range of problems related to water. Tideland Signal has been a part of Xylem since 2016, and has provided world leading aids to navigation solutions, products, services and customer care, with innovation, safety and compliance at its core. Our more than six decades of innovation and proven reliability, with the support of our global network of offices and partners, has given Tideland Signal a deep feeling of pride serving each of you.

Today, it is with a heavy heart that we announce that we will be discontinuing the Tideland Signal product lines. We will complete all open orders, but no more project orders will be accepted as of June 19, 2020. Spares and replacement product orders will be accepted through July 31st, 2020.

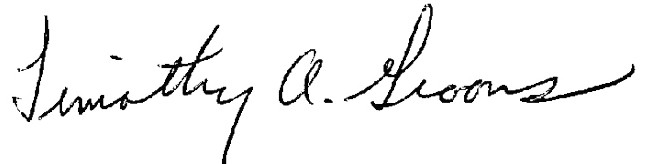

We will provide warranty support through the warranty periods.

We have always been thrilled to serve you, and have not taken this decision lightly. As we go through this transition, we are committed to treating all our affected employees and customers with the utmost of respect. Please do not hesitate to contact us with any questions or concerns.

Sincerely,

Robert Teich
Senior Marketing Director,
Xylem Analytics

Timothy Grooms
Marketing Director,
Xylem Analytics, North America
